The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2014 to June 30, 2015)

6.1 State the Vision and Mission of the institution

Vision of the college is:

To provide academic services to especially financially backward and girls student of local community and nearby villages through qualitative and valuable education.

Our mission of the institution is in tune with the objectives of higher education policies of the nation for instance; we provide qualitative and valuable higher education to the rural students of Mowad city as well as nearby villages. Through the curricular and extra curricular activities we try to develop overall skills and personality of students as compare to student of urban community.

The following mission statements of the college aim at translating college's vision in to activities.

- To impart higher education to the residents of Mowad and nearby areas in general.
- To provide infrastructure facility of the institution for the development of community.
- To ensure and inculcates perfect discipline in terms of regularity, sincerity, and punctuality among the students so that they contribute to the society and nation as most responsible and respectable citizen
- To aim at overall personality development of the students through extracurricular activities.
- To provide platform to the student by giving them an opportunity to face all the challenges of the competitive world with utmost utilization of the potential in sports and other events.

6.2 Does the Institution has a management Information System

Yes,

Information on all aspects relating to the working of the institution is systematically maintained and made available to all stakeholders. All policy decisions and implementation thereof are well circulated among all levels of the staff and management.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The college has no scope as far as innovation in curricula is concerned because the board of studies decides the curriculum. We adopt these curricula as per university direction.

Only we design the curriculum of our short term certificate courses.

6.3.2 Teaching and Learning

Learning is made student –centered by adopting learning activities like class seminars, assignments, group discussions, field trips, guest lectures. Faculty members are participated in Refresher courses for upgrading their knowledge.

6.39 Admission of Students

Through Prospectus, we provide characteristics of the college, subject taught, departmental information and the conditions of admission process etc.

As soon as the result of HSSC is declared, we impart the information about admission on speaker as well as on college notice board. As our college is in rural area the place is very small. With the declaration of the 12th class result students of nearby villages as well as local come for admission.

Admission in B. A. degree course is mainly done in accordance with the university norms. As we have junior college run by our management, first preference is given to in house students for the admission of F.Y. B. A. AS our college is situated in rural area, we give admission on first come first serve basis to all without consideration of merit. So cut of percentage for admission at the entry level is 35 %.

Analysis of Feedback

Every year college executes the exercise of collecting the feedback from the students, on teaching learning processes and curriculum. Students assess individual teachers by filling up a questionnaire especially designed for the purpose. This valuable feedback helps the teachers to upgrade their techniques of teaching. Secondly, students convey their difficulties, about syllabus, the availability of facilities and even the required essential facilities to their teachers. This facilitates the college to understand the present and the demand of the future. Including a detailed analysis of such feedback on each teacher is beyond the scope of this report. The major observations based on analysis of such feedback are summarised as follows:

1 Mode of communication of syllabus by teachers:

60% of students reported that the curriculum was communicated by teachers through a combination of three methods- class room lectures with illustration, classroom discussions, and interactive teaching learning methods, questionnaire method, partial used by projector based teaching learning. 20% expressed the opinion that the mode of communication of syllabus was mainly classroom lectures and interaction. 20% student suggested maximum use of projector.

2. Strict adherence to Curriculum:

Majority of the students affirmed that the curriculum is followed by teachers in strict adherence to University.

3. Reading Material:

85% of students agreed that teachers provided them with sufficient reading materials/ lectures notes and reference books as required for the curriculum.

4. Availability of Learning Resources:

80% students felt that the college library is adequately equipped and endowed with reading resources as per the curriculum of the university. 10% students suggested to increasing the stock of reference books, 5% students felt that beside curricular books, there are optimum books are available of all type of competitive examination and sports.

5. Accessibility of the teacher in and out of the class:

Expressing their opinion on overall experience, significant majority of the students have rated as excellent.

6. Overall Experience:

A significant majority of students have rated their overall experience in this college as excellent.

Best Practices of the Institution

Best Practice: 1 Skill oriented short term certificate courses

1. Title of the Practice

Skill oriented short term certificate courses

2. Goal

To impart students skills so that they could get the resource of livelihood.

3. The Practice

College started the new six skill oriented self finance short term courses. College forms the different six committees for the courses. The teachers are appointed on honorarium basis for the purpose. At the end of the training the college conducted objective type questionnaire examination and issue certificate to the students.

4. Evidence of Success

Majority of the students acquired skill in these courses. It gives opportunity to begin their self employment or at list they are encourage to continue their course as they got the basic knowledge acquired in the college.

5. Problems Encountered and Resources Required

We have not received any grants from UGC so we started these short term courses on self finance basis. The teachers are appointed on honorarium basis for the purpose.

Best Practice: 2 Career Guidance Cell

1. Title of the Practice

Career Guidance Cell

2. Goal

To prepare the students for competitive examinations, so that they could get various Government Services.

3. The Practice

College established career guidance cell in the year 2008-09. Since then the college is conducting regular classes not only for the college students but for alumni with the help of faculty and alumni. Guest lectures are also organised to upgrade their knowledge regarding the competitive examinations. CGC also display the information of various employments, competitive examination notification on Library and office notice board.

4. Evidence of Success

That practice proved very fruitful to us. Up to the date near about 30 students secured job in various State & Centre government department and Banking Sectors. Due to these practiced the students visited the library now and then which improved their reading habits. College library has ample collection of competitive examination books and journals, which enable the students to get success in the examination.

5. Problems Encountered and Resources Required

We make sufficient use of college resources which are not adequate but enough to cater the needs of the students.
