2. New academic programme initiated UG and PG.

NIL.

3. Innovation in curricular design and transaction.

The college conducted B.A. degree level programme. The University syllabus is mandatory. Curriculum is updated as per modern trend in various subjects.

It is mandatory to add here to university syllabus and examination patterns. The syllabus is unities and department heads monitor the completion of syllabus form time to time. In addition, principal also interact regularly with faculty members for effective planning and implementation of curricula. The department on their own constituted “Study Circle” organized various activities. This has provided the students a platform to express their thoughts and perception and understanding of subject. Our college follows a systematic teaching methodology. The college prepares academic calendar before the session ends. Every teacher prepares their own teaching plan and unities it according to syllabus and time table.

Our teacher attended refresher courses, orientation courses, workshop, seminar, conferences etc. to update their knowledge and to get acquainted with modern trends in their respective fields. They use these new acquired skills and information in class room teaching and this way they try to strengthen the teaching – learning process to the core. They mainly use the lecture method. To make the teaching more meaning full, diagrams, maps and modern teaching equipments like DVD, LCD Projector etc. are used as per their needs. These teaching aids created interactive atmosphere in the class and facilitated understanding of subjects. Though there is no scope to modify the curriculum at college level, we implement it with special touch of innovative teaching methods like classroom seminar and discussion. This always helps increasing the understanding of subjects. Activities like guest lecture, essay writing, elocution competition are organized. These activities proved very useful for the out look of better understanding for social as well as

educational atmosphere. Elocution competitions are held on the current as well as curriculum base topics. This help to raise the level of understanding of the students. Thus, the students got opportunity to express their views on specific topics. The teachers followed continuous evaluation methods by conducting surprise tests, oral test, written test etc. the performance of each teachers is monitored by Hon'ble principal.

- Innovation in teaching –learning process.
- Innovation in classroom teaching by teaching techniques.
- Class room presentation from students.
- Academic up gradation of knowledge by teachers by joining seminars, workshops, conferences, refresher courses, and orientation courses,
- Educational tours.
- Guest lectures.
