Feed Back Analysis

Every year college executes the exercise of collecting the feedback from the students, on teaching learning process and curriculum. Students assess individual teachers by filling up questionnaire especially designed for the purpose. This valuable feedback helps the teachers to upgrade their techniques of teaching. Secondly, students convey their difficulties, about syllabus, the availability of facilities and even the required essential facilities to their teachers. This facilitates the college to understand the present and the demand of future. Including a detailed analysis of such feedback on each teacher is beyond the scope of this report. The major observation based on the analysis of such feedback are summarized as follows:

1) 1. How much of the syllabus was covered in the class?
